

Technical Fouls

Welcome all IAABO Board 33 members to the 2021-22 basketball season. I hope everyone has a safe and successful season. In an attempt to make the technical foul reporting procedures somewhat more “fan friendly” I have broken down the process into three categories. These I have included are Administrative, Unsporting, and Flagrant technical fouls. All of these fouls are not listed; however I believe the most important are included. You are welcome to spend some time reviewing all of them in order to prepare yourself for the upcoming season. This may avoid any problems that may arise.

Have a great season and stay safe.

William Lord, Chairperson, County Relations & Technical Foul Reporting.
